Taking the start A boat takes the start when, after being entirely on the pre-start side of the start line at the starting signal or after, and having satisfied rule 30.1 if it applies, any part of its hull, crew or equipment crosses the starting line in the direction of the course.

W1.2 Addition of a new definition «Waypoint»:

Waypoint A position, other than a mark, described by its coordinates in Latitude and Longitude that boats must leave on the started side to complete the course.

W2 Addition of a new rule 18.5 in part 2 of the RRS:

18.5 ROOM TO PASS A WAYPOINT

(a) Rule 18.5 applies between boats when they are required to leave a waypoint on the the same side and at least one of them is approaching. However, when rule 20 applies, the rule 18.5 does not apply.

(b) When boats in the zone approach a waypoint to pass it on the required side, the boat on the outside must give the boat on the inside room to pass the waypoint, except if the boat on the outside cannot give room from the moment the overlap started.

(c) If the boat on the inside has a reasonable doubt on the room available to pass the waypoint, they can hail the boat in the outside. The boat on the outside must then give more room to the boat on the inside, unless it is unable to do so.

W3 Modification of the RRS 28: Sailing the course

(a) pass each mark or waypoint on the required side and in the correct order,

(b) touch each rounding mark or waypoint, and

(c) pass between the marks or waypoints of a gate from the direction of the previous mark or waypoint.

She may correct any errors to comply with this rule, provided she has not finished.

28.3 The Sailing Instructions can specify the criteria used to determine if a boat has rounded or passed a waypoint on the required side.

W4 Electronic positioning

These photographs will be used on the website www.drheam-cup.com, the digital press pack or any other communication tools and will be copyright free for press distribution (excluding magazines).

2 / To make the DRHEAM CUP – Destination Cotentin as lively as possible, each boat must send images of life on board themselves or via their press relations teams to the race authority's communication team media@drheam-cup.com.

VIDEO

The DRHEAM CUP-Destination Cotentin organising authority will commission video service providers, who will be in charge of:

- Creating a teaser prior to the start of the race,
- The production and direction of video images of the race, working closely with participants,
- The creation of an FTP server to receive video images and make them available to the media,
- Working with French broadcasters, with the race press relations team.

If the onboard communications enable it, the organising authority will request that participants send video clips during the race, either via an FTP or to their press relations team that will transmit them to the organising authority, to the following e-mail address: media@drheam-cup.com

Participants must let the organising authority know before 20 June 2018 if they are equipped with the technical means to send onboard photos and videos. The owners or users of the boat and any sponsor, by participating in the race, accept that DRHEAM PROMOTION uses all information sent to the OA (photographs or videos, recordings, text, etc) copyright free, for communication or promotional purposes of the 2018 Race and following editions.

Participants will retain ownership, the right to publish and use these images.
