 REF: **Australian 406 MHz Distress Beacon and MMSI Register**

Dear beacon owner,

The extract below confirms your beacon registration and Australian Maritime Mobile Service Identity numbers.

Please check your details carefully and let us know if there are any errors. It is important you let us know if the beacon (EPIRB/ELT/PLB) has been transferred to another vessel, aircraft, vehicle, or person or if your radio equipment is ever sold to someone else.

You may be required to carry proof of registration. If you received this letter by email, you can save it on your mobile phone. Otherwise you can carry this letter as proof of registration. If you would like to change your proof of registration preference go to [www.amsa.gov.au/beacons](http://www.amsa.gov.au/beacons).

The information on the register is important to your personal safety in the event of a search and rescue operation. Please ensure you take the time to keep your details up to date.

Further information about distress beacons can be found at [www.amsa.gov.au/beacons](http://www.amsa.gov.au/beacons) or if in relation to Automatic Identification Systems (AIS) or Digital Selective Calling (DSC) can be found at [www.amsa.gov.au/mmsi](http://www.amsa.gov.au/mmsi).

You can update your registration details, add trip details or upload photos of your vessel, vehicle or aircraft online at any time.

Thank you for your cooperation.
